<ul style="list-style-type: none">Led sustainable tourism initiatives benefiting local communitiesDeveloped and implemented environmental conservation programsFacilitated educational workshops on sustainable development practices	
Sales Manager – HK Motors	<i>Feb 2020 – Aug 2022</i>
<ul style="list-style-type: none">Achieved 35% revenue growth through implementation of data-driven sales strategiesManaged key client relationships and strategic partnershipsLed sales team to exceed quarterly targets by 25%Implemented CRM system to optimize customer engagement and sales tracking	

EDUCATION

Bachelor of Science in Informatics Engineering – University of Singaperbangsa Karawang IUP Awardee of 2021	<i>2021 – Present</i>
Diploma in Ethical Hacking – Mars Tech Certified Ethical Hacker (CEH v11)	<i>2023 – 2024</i>
G.C.E Advanced Level Examination (Arts Stream) – Al Haqqaniyyah Arabic College	<i>2018 – 2020</i>
G.C.E Ordinary Level Examination – Al Haqqaniyyah Arabic College	<i>2015</i>
High School Diploma (Islamic & Arabic Studies) – Al Haqqaniyyah Arabic College	<i>2013 – 2020</i>

VIRTUAL INTERNSHIPS AND SIMULATIONS

Internal Audit Analyst – JPMorgan Chase & Co.	<i>2024</i>
<ul style="list-style-type: none">Gained hands-on experience in business process flowcharting and internal control evaluationConducted comprehensive audit testing using 3-way match processes and presented findings to leadershipIdentified key risks and developed appropriate control solutions to mitigate vulnerabilities	
Data Visualization Specialist – Tata Group	<i>2024</i>
<ul style="list-style-type: none">Applied advanced data visualization techniques to interpret and present complex datasets	

- Developed interactive dashboards and compelling data stories for business stakeholders
- Enhanced organizational decision-making through data-driven insights and recommendations

Consulting Analyst – Mastercard (via Forage)

2024

- Performed data-driven promotion optimization tasks in a consulting simulation environment
- Practiced strategic thinking and effective storytelling using business data analytics
- Presented consulting insights and recommendations in a professional format

Cybersecurity Analyst – Mastercard x New York Jobs CEO Council

2024

- Designed and implemented phishing simulations to assess employee security awareness
- Analyzed simulation results and provided strategic recommendations to enhance cybersecurity training
- Gained practical experience in enterprise-level cybersecurity strategies and implementations

Project Management Specialist – Accenture

2024

- Mapped project phases using Agile, Hybrid, and Plan-Driven methodologies
- Managed complete project lifecycle for a hypothetical product launch
- Delivered comprehensive project report and team presentation

Data Analytics Specialist – Accenture

2024

- Cleaned, modeled, and analyzed multiple datasets related to social media trends
- Built interactive dashboards and generated actionable insights using analytical tools
- Created stakeholder presentation deck showcasing strategic recommendations

TECHNICAL PROJECTS

- **Portfolio Website:** Developed responsive web application with dynamic animations, dark mode functionality, and secure contact form integration
- **Disease & Diabetes Prediction System:** Implemented machine learning models (Random Forest, MLP) using Streamlit for health data analysis
- **FlameGuard IoT System:** Engineered real-time fire detection system using ESP32 microcontroller and Blynk platform
- **Grocery Shop & GoFood Application:** Built cross-platform mobile application using Flutter with Firebase backend integration
- **Digital Image Processing:** Developed image blurring algorithms using Python and OpenCV for image enhancement

CERTIFICATIONS

- Certified Ethical Hacker (CEH v11) – Mars Tech
- Software Testing Certification – UNSIKA
- Healthcare Quality Management – Muhammadiyah Lamongan
- Postharvest Technology – ITB
- Project Management & Data Visualization – Accenture
- JPMorgan Internal Audit Program

TECHNICAL SKILLS

- Cybersecurity (CEH v11 Certified)
- Python Programming (Pandas, NumPy)
- Machine Learning (Scikit-learn)
- Data Visualization (Tableau, Power BI, Matplotlib)
- Web Development (HTML, CSS, JavaScript, EmailJS)
- Mobile Development (Flutter, Firebase)
- IoT Development (ESP32, C++, Blynk)

SOFT SKILLS

- Strategic Planning & Analysis
- Project Management
- Team Leadership
- Cross-functional Collaboration
- Data-driven Decision Making
- Problem Solving
- Effective Communication

LANGUAGES

- Tamil – Native Proficiency
- Sinhala – Native Proficiency
- Arabic – Professional Working Proficiency
- English – Professional Working Proficiency
- Bahasa Indonesia – Intermediate Proficiency
